

I am ready to proceed as your professional editor for the 16th Avenue Gospel Chapel.

However, the **Raw Transcript** section of your prompt was empty. Please provide the text from the Whisper audio, and I will immediately generate the polished, print-ready document for **Treavor K** (dated **May 05, 2026**) following your strict verbatim policy, metadata requirements, and formatting instructions.

Once you provide the text, I will:

1. **Infer the title and main biblical reference.**
2. **Clean up punctuation and casing** while maintaining every word verbatim (minus "uhs" and "ums").
3. **Omit the opening prayer.**
4. **Format the document with Markdown**, including the specific bold/italic/blockquote styles you requested.

Please paste the transcript below to begin.
